

Vienna, 23.07.2012

INVITATION

Dear LBI ArchPro Partners

It is our honor to invite you to the LBG event “Meet Science” and to our two-day LBI ArchPro Workshop on “Latest Developments in Remote Sensing and Geophysical Prospection”. Please find below a short description of these events with organizational information and a programme overview.

We would be very happy to welcome you all at these events, as it will be another great possibility for scientific exchange and social intercourse.

Please return as soon as possible the registrationform below to Elisabeth.Schadek@archpro.lbg.ac.at

Looking forward meeting you in October 2012!

With our best regards

Wolfgang Neubauer and the LBI ArchPro staff

Name:.....

- Meet Science, 23rd of October 2012, 16:30, Semper Depot, Lehàrgasse 6, 1060 Vienna, (only costs for your chosen accommodation, no participation fee)*
- 2-Days-Workshop, 24th to 25th October 2012, Schloss Hernstein, Berndorfer Straße 32, 2560 Hernstein (50 km south of Vienna);
Please see also: <http://www.schloss-hernstein.at/index.php?lang=2&nID=264&sna=>;
Estimated costs are around EUR 150,-- (includes also accommodation for 2 nights and transport), payable at the workshop.*

“Meet Science”

23rd October 2012, 16:30 – 23:00

Semper Depot - Akademie der Bildenden Künste - Lehenàgasse 6, 1060 Vienna, Austria

This event, organized periodically by the Ludwig Boltzmann Gesellschaft, is focusing on the presentation of research funded by the LBG to the interested public. The next event will be held in the historical premises of the Akademie der Bildenden Künste Wien, “Semper Depot”, the former decorations depot of the “k.k. Hoftheater”.

The upcoming event is intended to present the currently existing 20 Ludwig Boltzmann Institutes and 5 Clusters, all of different scientific disciplines. The current focus of the presentations is set on the cooperation with the partners of the LBIs and the resulting benefits for science and society.

Framed by a lively and varied programme, discussions, interdisciplinary exchange and a panel discussion with the Austrian Federal Minister for Science and Research, Karlheinz Töchterle, will create a sparkling evening within the impressive and mystic scenery of the “Semper Depot”.

Some impressions from the last event 2010 can be found online:

<http://www.lbg.ac.at/nachrichten/meet-science-2010>

Please organize your accommodation for “Meet Science” individually and to your convenience. We are recommending the following hotels close to “Semper Depot”:

Hote Mercure, Getreidemarkt 5, 1060 Wien,

tel.: +43 1 58838155

email: h3532@accor.com

web.: <http://www.hotelsecession.com/index.php/?r=3752004&qclid=COqBifOHI7ECFUG3wod-iu1eq>

Costs per night approx. EUR 120,--

Drei Kronen Hotel City, Schleifmühlgasse 25, 1040 Wien;

tel.: +43 1 587 32 89

email.: office@hotel3kronen.at

web.: http://www.adler-hotels-wien.at/hotel_drei_kronen/home/index.html

Costs per night approx. EUR 100,--

Ludwig Boltzmann Institute
Archaeological Prospection and Virtual Archaeology

LBI ArchPro Scientific Workshop on “Latest Developments in Remote Sensing and Geophysical Prospection”

24rd to 26th of October 2012

Schloss Hernstein, Berndorfer Straße 32, 2560 Hernstein (50 km south of Vienna);

Transfer from Vienna on 24th of October 2012 at 8:00

This two day LBI ArchPro workshop on the latest developments in Remote Sensing and Geophysical Prospection will take place from 24th till 25th of October 2012 in Schloss Hernstein, which is an old safeguard castle close to the city Wiener Neustadt.

On the first day an update of hard- and software developments and the field of Remote Sensing will be presented to give you an overview about the current work of the LBI ArchPro. On the following day new developments in Geophysical Prospection will be given. A visit of the premises of our Partner “Airborne Technologies GmbH” in Wiener Neustadt will be organized to get a direct introduction to the work of airborne prospection (time could vary according to the weather situation).

Departure time is planned for 26th of October 2012 after breakfast.

Programme

Meet Science & LBI ArchPro Workshop "Latest Developments in Remote Sensing and Geophysical Prospection"

23rd of October 2012

16:30 - 23:00

Meet Science

Semper Depot - Lehàrgasse 6, 1060 Vienna

24th of October 2012

08:00 - 09:00

Transfer Vienna - Schloss Hernstein (Berndorfer Straße 32, 2560
Hernstein)

Departure likely from parking space Secession

09:00 - 10:00

Check-In at Schloss Hernstein, Coffee and Snacks

10:00 - 12:00

Part One

Latest Hard- and Software Developments
(Doneus M., Hinterleitner A., Trinks I., Neubauer W.)

12:00 - 14:00

Lunch

14:00 - 18:00

Part Two

Latest Developments in Remote Sensing
(Doneus M., Verhoeven G., Klimczyk A., Pregesbauer M., Briese C.)

19:30

Dinner

25th of October 2012

08:00 - 12:00

Part Three

Visit at Airborne Technologies GmbH at their homebase at the
airfield at Wiener Neustadt

12:00- 14:00

Lunch

14:00 - 18:00

Part Four

Latest Developments in Geophysical Prospection
(Doneus M., Trinks I., Löcker K., Nau E., Zitz T., Hinterleitner A., Flöry
S., Neubauer W.)

19:30

Dinner

26th of October 2012

09:00 - 10:00

Transfers to Vienna or Vienna International Airport
